**LOCATION SKETCH**

Instructions -- the location sketch should show:

1. The relationship of the lot to adjoining properties and road systems.
2. The location of the boiler on the parcel.
3. The dimensions of the lot lines.
4. The distance from the boiler to adjoining property lines.
5. The location of any other major lot features, i.e. driveways, garage or existing buildings.

A large rectangular grid area for drawing a location sketch. The grid consists of 30 columns and 30 rows of small squares, providing a space for the applicant to draw the lot, boiler, and other features as specified in the instructions.
